

# 4.2 Stack Certification Plan

Last Modified: May 7th, 2014

As per the standard release policy, Alfresco will be certifying platform components in stages following the initial 4.2.0 release. Please see Supported Platforms for the latest details of the certified platform components.

The following provides details of the components due for certification and the estimated timescales. It is provided for guidance only and may be subject to change. Please check back regularly to get the latest information.

Server	Q1 (4.2.1)	Q2 (4.2.2)	Comment
Windows Server 2008 R2x64	✓		Certified on 4.2.0 on 5 <sup>th</sup> December 2013
Suse 11.3 x64		✓	Certified on 4.2.0 on 14 <sup>th</sup> January 2013
